[Are you ready for the best intern experience ever?](#)

A fantastic opportunity for motivated 4th year Pharmacy Students seeking Internship opportunities with a fast growing pharmacy group. Internships will commence beginning of January 2019 for a 12 month period.

As part of our pipeline program, the successful candidates will fast-track their career in community pharmacy with our internal Pharmacist Intern Training Program. You will receive individual attention and support from our Pharmacist Manager coupled with a robust mentoring model.

As you navigate your next step professionally, it's important to have mentors that you can rely on who will help you navigate the community pharmacy work environment. This opportunity provides you with a built-in support system for interns and direct access to higher level executives. You will learn from highly motivated and dedicated professionals who have been working in the industry with an expert-level understanding of community pharmacy.

[Furthermore we will share our model of how you can double your graduate income in only two years!](#)

The Star Pharmacy Group has 50 pharmacies located in NSW, QLD, SA and is one of Australia's fastest growing pharmacy groups. We seek to attract and retain only the best people who align with our values and can thrive in a high-performance environment, underpinned by innovation, purpose and balance.
